

## FORAY LIST - Sorted by Morphology and Spore Color

MMA Foray

2019-10-19

Species Count: 48

Greener Days Farm (Martels), Waldoboro, ME

| Name (Current Name)                         | Notes    |
|---|----------|
| Baeomyces roseus (Dibaeis baeomyces)        | (lichen) |
| Amanita citrina                             |          |
| Amanita sinicoflava                         |          |
| Hygrophoropsis aurantiaca                   |          |
| Hygrophorus flavodiscus                     |          |
| Hygrophorus purpurascens                    |          |
| Hygrophorus subviolaceus (Hygrocybe lacmus) |          |
| Lactarius piperatus                         |          |
| Russula compacta                            |          |
| Russula silvicola                           |          |
| Armillaria ostoyae                          |          |
| Cantharellula umbonata                      |          |
| Laccaria bicolor                            |          |
| Laccaria laccata                            |          |
| Lepista nuda                                |          |
| Panellus serotinus                          |          |
| Tricholoma columbetta                       |          |

Tricholoma fumosoluteum  
Tricholoma intermedium  
Tricholoma sejunctum  
Tricholoma terreum  
Tricholoma transmutans  
Tricholoma virgatum  
Tricholomopsis rutilans

Clitopilus prunulus

Cortinarius armillatus  
Cortinarius semisanguineus  
Galerina sp.  
Gymnopilus picreus

Some red base, some not

Cystoderma amianthinum

Hypholoma capnoides  
Hypholoma sublateritium  
Pholiota malicola

Coprinus atramentarius (Coprinopsis atramentaria)

Gloeophyllum seiparium (Gloeophyllum sepiarium)  
Lenzites betulina  
Piptoporus betulinus  
Trametes versicolor

Thelephora terrestris

Clavulina cinerea  
Ramaria sp.

Dacrymyces palmatus

Lycoperdon perlatum  
Lycoperdon pyriforme  
Scleroderma citrinum

Neolelecta irregularis

Hypomyces hyalinus

Lycogala epidendrum

(slime mold)
