

MAINE MYCOLOGICAL ASSOCIATION
HIDDEN VALLEY NATURE CENTER, JEFFERSON, MAINE
2 OCTOBER 2022

Aleuria aurantia
Amanita bisporigera/virosa
 citrina
 fulva
Armillaria ostoyae
Baeospora myosura
Boletus longicurvipes
Chalciporus piperatus
Chlorociboria aeruginascens (stain, without fruting body)
Chroogomphus rutilus
Clavulina coralloides (crisata)
Clavulinopsis fusiformis
Clitocybe gibba
Clitopilus prunulus
Coprinopsis atramentaria
Cortinarius caperatus
 corrugatus
 iodes
Craterellus fallax
Cuphophyllus borealis (virginea)
Daedaleopsis confragosa
Entoloma abortivum
Galerina marginata
Gymnopilus penetrans
Fomes fomentarius
Fometopsis (Piptoporus) betulina
Hydnum repandum
Hygrocybe conica
 marginatus
 punicea
Hygrophoropsis aurantiaca
 aurantiaca f. albida
Hypholoma lateritium
Hypomyces chrysospermus
 lactifluorum
Kuehneromyces mutabilis
Laccaria laccata
 ochropurpurea
Lactarius camphoratus
 chysorrhous
 deceptivus
 vinaceorufescens

Laetiporus sulphureus
Leccinum atrostipitatum
 scabrum
Lenzites betulina
Lycoperdon nigrescens
 perlatum
Panellus stipticus
Phallus ravenelii
Ramaria formosa
Russula compacta
 dissimulans
 fragrantissima
 peckii
 silvicola
Scleroderma citrinum
Stereum complicatum
Suillus americanus
 placidus
 spraguei (pictus)
Tapinella (Paxillus) atrotomentosa
Trametes versicolor
Trichaptum bifforme
Tricholoma columbetta
 portentosum
Tricholomopsis decora
Tylopilus felleus
Tyromyces chioneus

Myxomycete (Slime Mold):
Lycogala epidendrum
