Amanita citrina
 porphyria
Calycina (Bisporella) citrina
Cantharellus elenensis (cibarius)
Chlorociboria aeruginascens
Clavulina cinerea
Cortinarius croceus
 evernius
 limonius
 semisanguineus
Cuphophyllum (Hygrocybe) lacmus
Dacrymyces chrysospermus
Entoloma abortivum
Exidia recisa
Fomes fomentarius
Fometopsis pinicola
Fuscopostia (Postia) fragilis
Galerina marginata
Gloeophyllum sepiarium
Gymnopilus penetrans
Gymnopus dryophilus
Helminthospaeria clavariarum
Hydnum umbilicatum
Hygrophorus flavodiscus
 fuscoalboides (olivaceoalbus)
Hygrophoropsis aurantiaca
Hypholoma capnoides
 sublateritium
Hypsizygus tessulatus
Laccaria nobilis
Lactarius camphoratus
 helvus
 rufus
Lycogala epidendrum (slime mold)
Lycoperdon perlatum
Mycena epipterygia
Oxyporus populinus
Panellus stipticus
Paxillus involutus

Phellinus tremulae
Postia caesia
Russula silvicola
Sarcomyxa (Panellus) serotina
Scleroderma citrinum
Stereum complicatum
 subtomentosum (ostrea)
Suillus placidus
Trametes (Lenzites) betulina
 versicolor
Trichaptum abietinus
 biforme
Tricholoma fumosoluteum
 subsejunctum
 virgatum
